

Faculty Position Opening
Institute of Applied Mechanics
College of Engineering, National Taiwan University

The Institute of Applied Mechanics, College of Engineering, National Taiwan University, seeks distinguished scholars for full-time faculty positions. Candidates at the level of Assistant, Associate, or Full Professor will be considered. Successful candidate should demonstrate solid training and innovative research in the broad area of applied mechanics, including, but not limited to, dynamics and control, mechanics of materials, microscale heat transfer, and bioengineering. Proven experience in working with interdisciplinary research team is desirable. Passion in graduate teaching is essential. Candidates must have an earned doctoral degree (or equivalent) in engineering, physics, or related discipline.

Interested applicants should send their curriculum vitae, statements of research and teaching plans, one representative publication (which appears after August 1, 2011), several reference publications (which appear after August 1, 2009) and names of three recommenders (title, affiliation, e-mail address) and other supporting documents to: Director/Professor Li-Sheng Wang (e-mail: liucw@iam.ntu.edu.tw), Institute of Applied Mechanics, College of Engineering, National Taiwan University, Taipei, Taiwan 106, Republic of China. Applications should be received no later than December 31, 2015.

The National Taiwan University, about 33,000 students (half graduate students) and over 2,200 faculty members, is the flagship university in Taiwan. The Institute of Applied Mechanics currently enrolls with over 155 students for master's degrees and more than 36 students for doctoral degrees. Further information about the Institute can be found in <http://www.iam.ntu.edu.tw/>.
